

Ref No: 17-06-2017/18

Date: 28th June 2017

MARKET ANNOUNCEMENT

Audited Group Financial Statements for Year Ended 31st March 2017

The Company is pleased to release the Group Financial Statements for the year ended 31st March 2017.

The Group Financial Statements for the first time, includes the financials of the Company's fully owned subsidiary – Vision Homecentres Limited incorporated in PNG.

The Group performed strongly in the year with revenue increasing to \$170.3million and the profit after tax increasing to \$18.4million. As a result, earnings per share increased from \$15 per share to \$18 per share. The revenue and after tax profits exceed the corresponding prospective financials that were disclosed in the Information Memorandum issued in connection with the listing of the Company on the SPSE.

In the first half of the year, the Company benefited as did the economy, from the surge in consumer demand with the release of the Cyclone Winston relief assistance by the Fiji National Provident Fund to its members.

The current year income statement includes the full 12 months operating results of all business units of Vision Investments Limited. Considering that the Company acquired the businesses of Vision Motors, Vision Finance and Mahogany Industries effective 1st July 2015, only 9 months operating results of these business units are included in the previous year income statement. The tax expense was also relatively reduced in the current year with the application of the 10% income tax rate applicable to public listed companies, whilst in the previous year an income tax rate of 20% was applicable on profits for 11 months of the year up to the listing of the Company on the SPSE on 29th February 2016. An increased bad debts charge was taken in the income statement due to higher delinquency in the Company's consumer loan portfolio. This was mainly due to the lack of visibility on the level of indebtedness of customers and customers taking on debt obligations which they cannot afford. Managing the consumer loan portfolio remaining a key challenge.

The balance sheet was strong with total assets increasing 13% to \$141.7million. Correspondingly liquidity also was strong with working capital increasing 14% to \$81.8million. The debt to equity gearing was consistent with last year and at a comfortable level to allow additional borrowing if the need arises.

The subsidiary Vision Homecentres Limited in PNG, secured premises and commenced setting up of the business in March 2016 and started trading operations 12 months later on 3rd February 2017. The trading has been slow with a subdued economy due to a monetary crisis and pending national elections. The generally held view and we are also optimistic, that after the announcement of the election results scheduled for end of July, the machinery of the PNG Government will assume normalcy and the economy will bounce back with the commencement of large scale construction and gas projects. Due to the prolonged set up costs and subdued trading over a short period, Vision Homecentres Limited incurred a trading loss which is included in the Group consolidated financial statements.

DIRECTORS' REPORT

In accordance with a resolution of the Board of Directors, the directors herewith submit the statement of financial position of the Group as at 31 March 2017, and the related statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended and report as follows:

1. DIRECTORS

The following were directors of the Holding Company at any time during the financial year and up to the date of this report:

Dilip Khatri
Navin Patel
Suresh Patel
Dinesh Patel
Satish Parshotam
Ratu Aisea Waka Vosailagi
David Evans
Suliano Ramanu
Carina Hull - appointed 27 June 2017

2. PRINCIPAL ACTIVITIES

The principal activities of the Group are the sale of furniture, household electrical items, general merchandise and the financing of these products at a margin, manufacture of furniture and joinery works; and trading, leasing and repair of motor vehicles, vehicle rentals and spare parts, and insurance agency.

3. TRADING RESULTS

The net profit after income tax of the Group for the year ended 31 March 2017 was \$18,448,252 (2016: \$11,472,919).

4. DIVIDENDS

The directors declared an interim dividend of \$4,150,777 on 4 November 2016.

5. GOING CONCERN

The financial statements of the Group have been prepared on a going concern basis. We consider the application of the going concern principle to be appropriate in the preparation of these financial statements as we believe that the Group has adequate funds to meet its liabilities as and when they fall due over the next twelve months.

6. BAD AND DOUBTFUL DEBTS

The directors took reasonable steps before the Group's financial statements were made out to ascertain that all known bad debts were written off and adequate provision was made for doubtful debts.

At the date of this report, the directors are not aware of any circumstances which would render the amount written off as bad debts, or the amount of the provision for doubtful debts, inadequate to any substantial extent.

7. CURRENT ASSETS

The directors took reasonable steps before the Group's financial statements were made out to ascertain that the current assets of the Group were shown in the accounting records at a value equal to or below the value that would be expected to be realised in the ordinary course of business.

At the date of this report, the directors are not aware of any circumstances which would render the values attributable to the current assets in the financial statements misleading.

DIRECTORS' REPORT - Continued

8. DIRECTORS' BENEFIT

No director of the Holding Company has, since the end of the previous financial year, received or become entitled to receive a benefit (other than a benefit included in the total amount of emoluments received or due and receivable by directors as shown in the Group's financial statements) by reason of a contract made by the Holding Company or related company with the director or with a firm of which he is a member, or with a company in which he has substantial financial interest.

9. EVENTS SUBSEQUENT TO BALANCE DATE

Apart from those disclosed in the notes to the financial statements, there has not arisen in the interval between the end of the financial year and the date of this report, transactions or events of a material and unusual nature likely, in the opinion of the Board of Directors, to affect significantly the operations of the Group, the results of those operations or the state of affairs of the Group.

10. BASIS OF PREPARATION

The financial statements of the Group have been drawn up in accordance with International Financial Reporting Standards and the requirements of law. The financial statements have been prepared under the historical cost convention.

11. OTHER CIRCUMSTANCES

At the date of this report, the directors are not aware of any circumstances not otherwise dealt with in this report or financial statements which render any amounts stated in the financial statements misleading.

Signed in accordance with a resolution of the directors this 27 day of JUNE 2017.

For and on behalf of the Board:

DIRECTORS' DECLARATION

This directors' declaration is required by the Companies Act, 2015.

The directors of the Holding Company have made a resolution that declared:

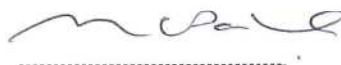

- (a) In the directors' opinion, the attached financial statements for the financial year ended 31 March 2017:
 - i. give a true and fair view of the financial position of the Group as at 31 March 2017 and of the performance of the Group for the year ended 31 March 2017;
 - ii. have been prepared in accordance with the Companies Act 2015.
- (b) They have received declarations as required by Section 395 of the Companies Act 2015;
- (c) At the date of this declaration, in the directors' opinion, there are reasonable grounds to believe that the Group will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of the directors this 27 day of JUNE 2017.

Independent Auditor's Report

To the Shareholders of Vision Investments Limited

Report on the audit of the consolidated financial statements

Opinion

We have audited the accompanying consolidated financial statements of Vision Investments Limited and its subsidiary (together the 'Group'), which comprise the consolidated statement of financial position as at 31 March 2017, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2017, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Group in accordance with the ethical requirements of the International Ethics Standards Board for Accountant's Code of Ethics for Professional Accountants (IESBA Code) that are relevant to our audit of the consolidated financial statements in Fiji, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
<p data-bbox="328 400 798 454">Existence and Valuation of Inventory Refer also to Notes 1(e) and 10</p> <p data-bbox="328 504 813 801">The Group carries a significant amount of inventory due to the nature of its operations and different segments it operates in. Inventory is held at numerous warehouses and branch outlets. The various categories of inventory held by the Group is detailed in Note 10. Ascertaining the existence and valuation of inventory is relatively straight forward and the application of judgement is limited.</p> <p data-bbox="328 851 826 1061">As such, inventory is not an area of significant risk for our audit. However we focused on this area because of the nature and quantum of inventory items held, its significance to the Group's financial position, and the significant time and resource required to audit the existence and valuation of inventory.</p>	<p data-bbox="853 400 1426 483">Our audit procedures included, amongst others, the following in response to the existence and valuation of inventory:</p> <ul data-bbox="853 504 1426 1646" style="list-style-type: none"> <li data-bbox="853 504 1426 616">• Understanding, evaluating the appropriateness of, and where applicable validating the Group's accounting policies, processes and controls over inventory. <li data-bbox="853 638 1426 806">• Attendance at inventory cycle counts spread across a sample of branches and warehouses in the final quarter of the year to ensure cycle counts were performed in accordance with the Group's policies, and cycle count objectives were achieved. <li data-bbox="853 828 1426 911">• Reviewing a sample of the Group's inventory cycle count documentation for counts and locations not physically attended by us. <li data-bbox="853 934 1426 1016">• Attendance at annual inventory counts for selected divisions and inventory items to ensure existence of inventory at balance date. <li data-bbox="853 1039 1426 1099">• Testing supporting evidence for inventory in transit <li data-bbox="853 1122 1426 1205">• Testing supporting evidence for and recalculating inventory costs reported by the Group <li data-bbox="853 1227 1426 1339">• Testing the net realizable value of a sample of inventory items susceptible to higher risk of obsolescence to ensure that valuations were at lower of cost or net realizable value. <li data-bbox="853 1361 1426 1507">• Assessing the adequacy of provision for impairment of inventory in accordance with the Group's accounting policy, and in light of the ageing of inventory and historical and current levels of inventory write-offs. <li data-bbox="853 1529 1426 1641">• Evaluation of the relevant IT systems and the design and operating effectiveness of controls over the capture and recording of inventory transactions. <p data-bbox="853 1668 1426 1751">The testing we carried out as described above gave us sufficient audit evidence to address the aforementioned risks over inventory.</p>

Other Information

Directors and management are responsible for the other information. The other information comprises the information included in the Group's Annual Report for the year ended 31 March 2017 (but does not include the consolidated financial statements and our auditor's report thereon).

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors and Management for the Consolidated Financial Statements

Directors and Management are responsible for the preparation and fair presentation of the consolidated financial statements in accordance with International Financial Reporting Standards and with the requirements of the Fiji Companies Act 2015, and for such internal control as the directors and management determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the Directors and Management are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors and Management either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The Directors and Management are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the consolidated financial statements.

As part of an audit in accordance with the ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors and management.
- Conclude on the appropriateness of the directors' and management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with Directors and Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Directors and Management with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Directors and Management, we determine those matters that were of most significance in the audit of the consolidated financial statements for the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion the consolidated financial statements have been prepared in accordance with the requirements of the Fiji Companies Act 2015 in all material respects, and;

- a) we have been given all information, explanations and assistance necessary for the conduct of the audit; and
- b) the Group has kept financial records sufficient to enable the consolidated financial statements to be prepared and audited.

Restriction on Distribution or Use

This report is made solely to the Company's shareholders, as a body, in accordance with Section 396(1) of the Fiji Companies Act 2015. Our audit work has been undertaken so that we might state to the Company's shareholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's shareholders as a body, for our audit work, for this report, or for the opinions we have formed.

Net (decrease) / increase in cash held		(10,173,784)	3,077,933
Cash and cash equivalents at the beginning of the year		(4,983,212)	(8,061,145)
Effect of exchange rate movement on cash and cash equivalents		<u>41,354</u>	<u>-</u>
Cash and cash equivalents at the end of the year	13	<u>(\$ 15,115,642)</u>	<u>(\$ 4,983,212)</u>

The above consolidated statement of cash flows should be read in conjunction with the accompanying notes.

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) General Information

Vision Investments Limited ('the Company') and its subsidiary Vision Homecentres Limited (together forming 'the Group') engage in the sale of furniture, household electrical items, general merchandise and the financing of these products at a margin, manufacture of furniture and joinery works; and trading, leasing and repair of motor vehicles, vehicle rentals and spare parts, and insurance agency. The Company is a limited liability company incorporated and domiciled in the Republic of Fiji and the subsidiary is incorporated and domiciled in Papua New Guinea. The Company is listed on the South Pacific Stock Exchange.

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated.

2017 is the first year in which the financial statements of Vision Investments Limited have been consolidated with its subsidiary Vision Homecentres Limited.

These financial statements were authorised for issue by the Board of Directors on 27 June 2017.

(b) Basis of preparation

The financial statements are general purpose financial statements and have been prepared in accordance with the requirements of the Fiji Companies Act, 2015 and the International Financial Reporting Standards (IFRS).

The financial statements have been prepared under the historical cost convention, as modified by certain accounting policies below.

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Group's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 4.

i) New and amended standards adopted by the Group

There are no IFRSs or IFRIC interpretations that are effective for the first time for the financial year beginning on or after 1 April 2016 that have a material impact on the Group.

ii) New standards and interpretations not yet adopted

Certain new accounting standards and interpretations have been published that are not mandatory for 31 March 2017 reporting periods and have not been early adopted by the Group. The Group is yet to assess the impact of these new standards and interpretations.

IFRS 9, 'Financial Instruments' – addresses the classification, measurement and recognition of financial assets and financial liabilities. It replaces the guidance in IAS 39 that relates to the classification and measurement of financial instruments. IFRS 9 retains but simplifies the mixed measurement model and establishes three primary measurement categories for financial assets: amortised cost, fair value through other comprehensive income and fair value through profit or loss. The basis of classification depends on the entity's business model and the contractual cash flow characteristics of the financial asset. Investments in equity instruments are required to be measured at fair value through profit or loss with the irrevocable option at inception to present changes in fair value in other comprehensive income not recycling. There is now a new expected credit losses model that replaces the incurred loss impairment model used in IAS 39. For financial liabilities there were no changes to classification and measurement except for the recognition of changes in own credit risk in other comprehensive income, for liabilities designated at fair value through profit or loss.

The standard is effective for accounting periods beginning on or after 1 January 2018. Early adoption is permitted. The Group intends to adopt IFRS 9 on its effective date.

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

(b) Basis of preparation – Continued

ii) New standards and interpretations not yet adopted – Continued

IFRS 15, 'Revenue from contracts with customers' – This standard deals with revenue recognition and establishes principles for reporting useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from an entity's contracts with customers. Revenue is recognised when a customer obtains control of a good or service and thus has the ability to direct the use and obtain the benefits from the good or service. The standard replaces IAS 18 'Revenue' and IAS 11 'Construction contracts' and related interpretations.

The standard is effective for accounting periods beginning on or after 1 January 2018. Early adoption is permitted. The Group intends to adopt IFRS 15 on its effective date.

IFRS 16, 'Leases' – replaces the current guidance in IAS 17. Under IFRS 16, a contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Under IAS 17, a lessee was required to make a distinction between a finance lease (on balance sheet) and an operating lease (off balance sheet). IFRS 16 now requires a lessee to recognise a lease liability reflecting future lease payments and a 'right-of-use asset' for virtually all lease contracts. Included is an optional exemption for certain short-term leases and leases of low-value assets; however, this exemption can only be applied by lessees.

The standard is effective for accounting periods beginning on or after 1 January 2019. Early adoption is permitted but only in conjunction with IFRS 15, 'Revenue from contracts with customers'. The Group intends to adopt IFRS 16 on its effective date.

(c) Principles of consolidation

Subsidiaries

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group applies the acquisition method to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred to the former owners of the acquiree and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The Group recognises any non-controlling interest in the acquiree on an acquisition-by-acquisition basis, either at fair value or at the non-controlling interest's proportionate share of the recognised amounts of acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

Inter-company transactions, balances, income and expenses on transactions between group companies are eliminated. Profits and losses resulting from intercompany transactions that are recognised in assets are also eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

(d) Plant and equipment

Plant and equipment is stated at historical cost less depreciation. Cost includes expenditure that is directly attributable to the acquisition of the items.

Plant and equipment are depreciated over their estimated useful lives. Assets are first depreciated in the year of acquisition. The principal depreciation rates used are as follows:

Class of asset	Rate of depreciation
Plant and equipment	5% to 20% (Straight-line method)
Furniture, fixtures and fittings	10% to 50% (Straight-line method)
Motor vehicles	18 to 50% (Straight-line method)
Computer equipment	25% to 50% (Straight-line method)
Leased vehicles	Term of lease

The assets' residual values and useful lives are reviewed and adjusted if appropriate, at the end of each reporting period.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised within 'other income' in the statement of profit or loss and other comprehensive income.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

(e) Intangible assets

Computer software

Acquired computer software licences, which have a finite life, are capitalised on the basis of the costs incurred to acquire and bring to use the specific software. These costs are amortised over their estimated useful lives (three to five years).

Costs associated with maintaining computer software programmes are recognised as an expense as incurred. Costs that are directly associated with the development of identifiable and unique software products controlled by the Group, and that will probably generate economic benefits exceeding costs beyond one year, are recognised as intangible assets. Costs include the software development employee costs and an appropriate portion of relevant overheads.

Computer software development costs recognised as assets are amortised over their estimated useful lives (not exceeding three years).

(f) Current and deferred income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill.

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

(f) Current and deferred income tax - continued

Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting, nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(g) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost includes expenditure incurred in acquiring the inventories and bringing them to their existing condition and location. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

Determination of cost

Merchandise - Cost is determined using the weighted average cost method.

Motor vehicles - Cost is determined using the first-in-first out (FIFO) cost method.

Spare parts, tyres and lubricants - Cost is determined using the weighted average cost method.

Raw materials (timber) - Cost is determined using the weighted average cost method.

Work in progress (furniture) - Cost is determined using the weighted average cost method.

(h) Leases

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to the statement of profit or loss and other comprehensive income on a straight-line basis over the period of the lease.

(i) Revenue recognition

Revenue comprises the fair value of the consideration received or receivable for the sale of goods and services in the ordinary course of the Group's activities. Revenue is shown net of value-added tax, returns and discounts.

The Group recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Group and when specific criteria have been met for each of the Group's activities as described below. The Group bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

Sales of goods

Revenue on credit and cash sales is recognised when the goods have been delivered, the customer has accepted the goods and collectability of the related receivables is reasonably assured.

Service charges

Service charges on hire purchase sales are recognised in profit or loss over the term of the hire purchase agreement using the sum of digits method, in accordance with the Consumer Credit Act (1999). The sum of digits method provides a constant periodic rate of return on outstanding receivables.

The results from the use of sum of digits method is materially consistent with income recognition under the effective interest rate method.

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

(i) Revenue recognition – continued

Vehicle repairs

Revenue is recognised when services are rendered to a customer.

Lease revenue

Lease revenue on operating leases is recognised over the term of the lease on a straight-line basis. Revenues related to performance of lease service care are deferred and recognised upon actual servicing and maintenance carried out by the Group.

(j) Financial assets

The Group classifies all its financial assets as loans and receivables.

Classification

The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition.

Recognition

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Group commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all the risks and rewards of ownership.

Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Loans and receivables are subsequently carried at amortised cost using the effective interest method.

(k) Impairment of financial assets

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated.

The amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows.

The carrying amount of the asset is reduced and the amount of the loss is recognised in profit or loss in the statement of profit or loss and other comprehensive income.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised (such as an improvement in the debtor's credit status), the reversal of the previously recognised impairment loss is recognised in profit or loss in the statement of profit or loss and other comprehensive income.

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

(l) Impairment of non-financial assets

Intangible assets that are not yet available for use (such as software under development) are tested annually for impairment. Assets that are subject to depreciation or amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at each reporting date.

(m) Trade receivables

Trade receivables are amounts due from customers for merchandise sold or services performed in the ordinary course of business. If collection is expected in one year or less, they are classified as current assets. If not, they are presented as non-current assets.

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost, less provision for impairment.

Individual receivables which are known to be uncollectible are written off by reducing the carrying amount directly. The other receivables are assessed collectively to determine whether there is objective evidence that an impairment has been incurred but not yet been identified. For these receivables the estimated impairment losses are recognised in a separate provision for impairment. The Group considers that there is evidence of impairment if any of the following indicators are present:

- significant financial difficulties of the debtor
- probability that the debtor will enter bankruptcy or financial reorganisation, and
- default or delinquency in payments.

Receivables for which an impairment provision was recognised are written off against the provision when there is no expectation of recovering additional cash. Impairment losses are recognised in profit or loss within other expenses. Subsequent recoveries of amounts previously written off are credited against other expenses.

(n) Employee benefits

Liabilities for employees' entitlements to wages and salaries, annual leave and other current employee entitlements (that are expected to be paid within twelve months) are accrued at undiscounted amounts, calculated at amounts expected to be paid as at reporting date.

(o) Trade and other payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities.

(p) Cash and cash equivalents

In the statement of cash flows, cash and cash equivalents includes cash on hand and in banks and bank overdrafts. In the balance sheet, bank overdraft is shown in current liabilities.

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued**(q) Borrowings**

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the statement of profit or loss and other comprehensive income over the period of the borrowings using the effective interest method.

Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

(r) Provisions

Provisions for legal claims, service warranties and make good obligations are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at management's best estimate of the expenditure required to settle the obligation.

(s) Dividend distribution

Provision is made for the amount of any dividend declared, determined or publicly recommended by the directors on or before the end of the financial year but not distributed at balance date.

During the year, an interim dividend of \$0.04 per share (2016: \$0.04) was declared.

(t) Earnings per share

Basic earnings per share – is determined by dividing the profit for the year of the Group by the weighted average number of ordinary shares in issue during the year.

Diluted earnings per share – is determined on the same basis as above as the Group does not have any convertible instruments, options, warrants or ordinary shares that will be issued upon the satisfaction of specified conditions.

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

(u) Foreign currency translation

(i) Functional and presentation currency

The financial statements are presented in Fiji dollars, which is the functional and presentation currency of the Group.

(ii) Transactions and balances

Transactions denominated in a foreign currency are initially recorded in the functional currency at the exchange rate on the date of the transaction.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at year-end are recognised in the statement of profit or loss and other comprehensive income.

(iii) Group companies

The results and financial position of foreign operations (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet
- income and expenses for each statement of profit or loss and statement of comprehensive income are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions), and
- all resulting exchange differences are recognised in other comprehensive income.

(v) Comparative figures

Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current year. The comparatives include results of the Holding Company only, as there was no subsidiary operations in prior year.

(w) Segment reporting

A business segment is a group of assets and operations engaged in providing products or services that are subject to risks and returns that are different from those of other business segments. A geographical segment is engaged in providing products or services within a particular economic environment that are subject to risks and returns that are different from those of segments operating in other economic environments.

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the executive committee that makes strategic decisions.

2 FINANCIAL RISK MANAGEMENT

The Group's activities expose it to a variety of financial risks: market risk (including currency risk and cash flow interest rate risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Group's financial performance.

Risk management is carried out by the executive committee under policies approved by the Board of Directors. The committee identifies and evaluates financial risks in close co-operation with the Group's operating units. The Board provides principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity.

(a) Market risk

(i) *Foreign exchange risk*

The Group is exposed to foreign exchange risk arising from various currency exposures in respect to purchase of inventory, primarily with respect to the USD, NZD, AUD and SGD. Foreign exchange risk arises from future commercial transactions and liabilities.

Management has set up a policy to require the Company and the Group to manage their foreign exchange risk against their functional currency, in this case the Fiji dollar. Foreign exchange risk arises when future commercial transactions or recognised assets or liabilities are denominated in a currency other than the Fiji Dollar. For significant settlements, the Group are required to seek quotations from recognised banks and use the most favourable exchange rate for purposes of the settlement.

As at year end, assets and liabilities denominated in foreign currencies are minimal and hence changes in foreign currencies by 100 basis points is expected to have minimal impact on profit or loss.

The Group's exposure to foreign currency risk at the end of the reporting period, expressed in Fijian dollars, was as follows:

	31 March 2017				31 March 2016			
	USD	NZD	AUD	SGD	USD	NZD	AUD	SGD
Trade payables	1,173,943	645,909	413,497	154,889	854,625	788,898	163,006	-

(ii) *Cash flow interest rate risk*

As the Group has no significant interest-bearing assets, the Group's income and operating cash flows are substantially independent of changes in market interest rates.

The Group's interest rate risk arises from long-term borrowings and bank overdrafts. Borrowings and bank overdraft issued at variable rates expose the Group to cash flow interest rate risk. There are no borrowings issued at fixed rates. All borrowings are in local currency. The Group regularly negotiates its interest rate with the Banks so that the lowest possible rate is available.

At 31 March 2017, if interest rates on borrowings and bank overdraft had been 10 basis points higher/lower with all other variables held constant, post-tax profit for the year would have been \$51,873 (2016: \$39,219) lower/higher, mainly as a result of higher/lower interest expense on floating rate borrowings.

**VISION INVESTMENTS LIMITED
AND SUBSIDIARY**

**NOTES TO AND FORMING PART OF THE
FINANCIAL STATEMENTS - Continued
YEAR ENDED 31 MARCH 2017**

2 FINANCIAL RISK MANAGEMENT – Continued

(b) Credit risk

Credit risk is managed by the executive committee with Board oversight. Credit risk arises from cash and cash equivalents as well as credit exposures to wholesale and retail customers, including outstanding receivables (note 9). As part of its risk control procedures, an assessment of the credit quality of a new customer, taking into account its financial position, past experience and other factors is carried out. Individual credit risk limits are then set based on the assessments done. The utilisation of credit limits is regularly monitored. Sales to credit customers are settled either in cash, cheques, credit/debit cards, or through instalments over a period of time.

(c) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash to meet present obligations.

Management monitors rolling forecasts of the Group's liquidity reserve, comprising of cash and cash equivalents (note 13) on the basis of expected cash flow.

The Group's financial liabilities are analysed below:

	Up to 1 year	1 to 2 years	2 to 5 years	Over 5 Years	Total
	\$	\$	\$	\$	\$
As at 31 March 2017					
Bank overdraft	17,864,442	-	-	-	17,864,442
Borrowings	3,164,665	30,844,375	-	-	34,009,040
Trade and other payables	13,940,671	-	-	-	13,940,671
Total	34,969,778	30,844,375	-	-	65,814,153
As at 31 March 2016					
Bank overdraft	7,573,737	-	-	-	7,573,737
Borrowings	2,042,222	29,844,905	-	-	31,887,127
Trade and other payables	17,515,332	-	-	-	17,515,332
Total	27,131,291	29,844,905	-	-	56,976,196

3 CAPITAL RISK MANAGEMENT

The Group's objectives when managing capital is to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Group monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including current and non-current borrowings as shown in the statement of financial position) add bank overdraft, less cash and cash equivalents. Total capital is calculated as 'equity' as shown in the statement of financial position plus net debt. Equity also comprises of "quassi" equity through shareholder advances.

**VISION INVESTMENTS LIMITED
AND SUBSIDIARY**

**NOTES TO AND FORMING PART OF THE
FINANCIAL STATEMENTS - Continued
YEAR ENDED 31 MARCH 2017**

3 CAPITAL RISK MANAGEMENT – Continued

The gearing ratios at 31 March 2017 and 31 March 2016 were as follows:

	2017 \$	2016 \$
Total borrowings	34,009,040	31,887,127
Add: Cash and cash equivalents (note 13)	<u>15,115,642</u>	<u>4,983,212</u>
Net debt	<u>49,124,682</u>	<u>36,870,339</u>
Total equity	<u>75,555,007</u>	<u>67,437,307</u>
Total capital	\$ 124,679,689	\$104,307,646
Gearing ratio	===== 39%	===== 35%

The Group has complied with the financial covenants of its borrowing facilities.

4 CRITICAL ACCOUNTING ESTIMATES AND ASSUMPTIONS

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Group's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be wrong. Detailed information about each of these estimates and judgements is included in note 1 together with information about the basis of calculation for each affected line item in the financial statements.

Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

(a) Significant estimates and judgements

Impairment of trade receivables

Management reviews the Group's trade receivables (note 9) for objective evidence of impairment on a monthly basis. An allowance for impairment is established when there is objective evidence that the trade receivables have been impaired. Since the Group has a diversified customer base with a large number of individuals, for purpose of collective evaluation of impairments, receivables are grouped based on similar credit characteristics.

Impairment loss is determined based on the review of current status of the existing receivables and historical collection experience. In determining this, management uses estimates based on historical loss experience for assets with similar credit risk characteristics. The methodology and assumptions used for estimating both the amount and timing of future cash flows are reviewed regularly to reduce any differences between the estimated loss and actual loss experience.

Gross trade receivables	57,841,777	51,127,343
Less: Unearned service charges	(6,615,344)	(6,544,961)
Present value of trade receivables	51,226,433	44,582,382
Provision for impairment loss	(2,465,154)	(1,306,875)
	\$ 48,761,279	\$ 43,275,507
	=====	=====
Non-current		
Gross trade receivables	12,917,902	15,949,525
Less: Unearned service charges	(2,412,793)	(2,724,058)
Present value of trade receivables	10,505,109	13,225,467
Provision for impairment loss	(2,152,697)	(2,134,029)
Present value of trade receivables	\$ 8,352,412	\$ 11,091,438
	=====	=====

Trade receivables that are less than one month past due are not considered impaired. As of 31 March 2017, trade receivables of \$13,411,130 (2016: \$15,044,207) were past due but not impaired. The ageing analysis of these trade receivables is as follows:

	2017 \$	2016 \$
Over 1 month	6,029,346	6,518,139
Over 2 months	7,381,784	8,526,068
	\$ 13,411,130	\$ 15,044,207
	=====	=====

As of 31 March 2017, trade receivables of \$4,617,851 (2016: \$3,440,904) were past due and collectively provided for based on certain impairment rates in line with Group policies. The collectively impaired receivables relate mainly to balances where there has been default or delinquency in payments (more than one month past due). The ageing of these receivables is as follows:

	2017 \$	2016 \$
Over 1 month	194,961	151,131
Over 2 months	4,422,890	3,289,773
	\$ 4,617,851	\$ 3,440,904
	=====	=====

Movements on provision for impairment of trade receivables are as follows:

	2017 \$	2016 \$
At 1 April	3,440,904	3,239,141
Additional provisions during the year	2,637,907	387,444
Unused amounts reversed	(1,460,960)	(160,317)
Amounts used during the year	-	(25,364)
At 31 March	\$ 4,617,851	\$ 3,440,904
	=====	=====

(b) As at 31 March 2017, capital expenditure commitments for the Group amounted to \$777,173 (2016: \$ Nil).

17 CONTINGENT LIABILITIES

The Group does not have any contingent liabilities.

18 BANK OVERDRAFT AND BORROWING

The borrowings include loan facilities with Westpac Banking Corporation – Fiji amounting to \$39.6 million (2016: \$42.4 million) of which \$34.0 million (2016: \$31.9 million) has been drawn. The Group also holds bank overdraft facilities amounting to \$22.7 million (2016: \$21.3 million) of which \$17.9 million (2016: \$7.6 million) has been utilised.

The loans are subject to interest only repayments, due for full repayment on 30 April 2018 and are renewable subject to the Holding Company meeting normal banking criteria.

The loan permits repayments at rates higher than as scheduled. Repayments in excess of cumulative scheduled amounts are available for re-draw if required, and no repayments are required during such time as excess repayments exceed cumulative scheduled repayments.

At year end, there was no amount in excess of scheduled repayments.

The overdraft and loan facilities of the Group are secured by a registered fixed and floating charge over the Group's assets and undertakings including its uncalled and called but unpaid capital, and Guarantees provided by the Holding Company's four founding shareholders' companies.

23 SEGMENT INFORMATION

(a) Description of segments and principal activities

The Group's chief decision makers comprise of the executive committee who examine the Group's performance and have identified two reportable business segments:

- (i) **Retailing** - comprises sale of furniture, household electrical items, general merchandise and the financing of these products at a margin.
- (ii) **Automotive** - comprises sales of motor vehicles, spare parts, tyres lubricants, leasing and repair of motor vehicles.

The Group operates in the geographical segments of Fiji and Papua New Guinea.

The chief decision makers primarily use a measure of adjusted earnings before interest, tax, depreciation and amortisation (EBITDA) to assess the performance of the operating segments. However, the executive committee also receives information about the segments' revenue and assets on a monthly basis.
